

## **VIDEOMANAGER** **ENTERPRISE LICENSING**

**Equipping you with the latest software for managing your wearable cameras**

VideoManager Enterprise licences ensure that your organisation has a legal and fully supported copy of VideoManager.

It also ensures that you receive the priority software support you are entitled to when you purchase Edesix Software Assurance.

## **VIDEOMANAGER V10 INTRODUCES FEATURE LICENSING AND SOFTWARE ASSURANCE ENTITLEMENT**

Capturing Evidence for Professionals

### **WHAT IS LICENSING?**

VideoManager Enterprise Licences are required for each Edesix VideoTag or VideoBadge camera you purchase.

All VideoManager licences are perpetual, meaning the version of VideoManager you purchase can be used for the lifetime of your installation.

It is possible to enable specific, advanced software features when purchasing your licence, meaning you only pay for the features you need and use.

### **WHAT IS ASSURANCE?**

Software assurance guarantees that your version of VideoManager is up to date, compliant and that you are entitled to telephone and email support for the lifetime of your contract.

Up to date Assurance ensures you are GDPR compliant through receiving the latest security updates included in VideoManager updates.

For further information on Edesix Software Assurance, please see our Software Assurance Policy.

## **PROTECT YOUR INVESTMENT**

Separately purchased Software Assurance extends the life of your VideoManager Enterprise licence by granting you the right to telephone and email support, as well as the right to receive and install VideoManager Enterprise upgrades while you have a continuous Software Assurance plan in place.

All new VideoManager Enterprise licences come with 12 months complementary Software Assurance included.

# HOW LICENSING WORKS

## SELECT YOUR LICENCE

At the point you procure your VideoBadge or VideoTag camera, you must also purchase VideoManager Enterprise licences for the corresponding hardware, or alternatively sign up for VideoManager Cloud Service.

Existing customers should contact [sales@edesix.com](mailto:sales@edesix.com) to obtain their software licence for VideoManager 10, and to check their software assurance entitlement for future VideoManager upgrades.

## UTILISE AMAZON S3 OBJECT STORAGE

The following additional features are available to licence:

Object storage support (per Tbyte)

## ONSTREAM IS INCLUDED

All VideoManager Enterprise licences for VideoTag or VideoBadge include the ONStream streaming licence at no extra cost - so your enterprise is always ONStream ready.

## OTHER FEATURES

	<p><b>ADD MORE CAMERAS AT ANY TIME</b> You can add any number of additional cameras at any time, by purchasing and adding new licences.</p>		<p><b>ADD NEW LICENSED FEATURES AT ANYTIME</b> Purchase and apply new licences at any time, to enable new and exciting features.</p>
	<p><b>FULLY SUPPORTED</b> You'll receive full technical support from our experienced support engineers for 12 months after purchasing your licence, and subsequently for as long as you maintain Software Assurance.</p>		<p><b>TRY NEW FEATURES</b> Contact sales to obtain trial licences for new features - try before you buy. 60 day trial licences allow you to test out new features before you buy.</p>
	<p><b>UPGRADE OR REPLACE CAMERAS AT ANY TIME</b> VideoManager Enterprise licences are perpetual for the lifetime of your installation, and if you maintain a continuous software assurance entitlement, when Edesix manufactures a new VideoBadge or VideoTag model, you can upgrade your cameras to the latest model, without needing to procure a new software licence.</p>		<p><b>EASILY CHECK YOUR SUPPORT ENTITLEMENT FROM WITHIN VIDEOMANAGER</b> Use the Licences Admin page within VideoManager to quickly check your licence and software assurance entitlement.</p>
